

The Invisible Garment

Constructing Your Personal Weave

Then it was as if I suddenly saw the secret beauty of their hearts ... the person that each one is in God's eyes. If only they could see themselves as they really are. If only we could see each other that way all the time, there would be no more war, no more hatred, no more cruelty, no more greed. I suppose the big problem would be that we would all fall down and worship each other.

~ Thomas Merton

CONSTRUCTING THE GARMENT'S PATTERN

First, you need an accurate astrological natal chart from a reliable source (either a software system or through a free web service). We recommend <http://astro.cafeastrology.com/natal.php> because it is so simple. The chart will be a Tropical, Placidus Chart. Do not use a Vedic chart—which is a different system and doesn't correspond to the invisible garment numerology.

If you use astro.cafeastrology.com, after you've filled in your information you may simply scroll down to the bottom of the next page and see your astrological planets and positions, complete with the degrees of each.

Print the invisible garment document we've provided for you here and write down the degree numbers from your astrological chart in the second column. Use only the first number (the degree) for your planets and positions unless the second number (the minutes) is above 55. If so, round up to the next degree. (29° 55'+ rounds up to 0°)

Then using the numerology/principles chart we've provided, fill in your principles in the third column. Now you have a list of your principles!

You may now go to the menu item entitled 30 Spiritual Principles to read a brief definition of each of your principles. And if you have a copy of the book *The Invisible Garment* in any of its formats, you can read further. Also you may download our free discussion of the various principles: *Invisible Garment Conversations*.
